

GACTC COVID-19 SUMMARY

Practicing Healthy Habits

GACTC will continue to educate and promote (via public posted signage) proper hygiene techniques and standard precautions, frequent washing of hands, use of elbows for coughs and sneezes, etc.

Masks/Face Coverings:

Mask wearing continues to be welcomed and optional for students and staff while participating in school activities.

Physical Distancing:

Physical distancing will not be implemented as a pandemic-related mitigation effort since the CDC has removed this recommendation/language via their 5/27/22 update.

Cleaning and Ventilation:

Standard internal cleaning procedures for cleaning spaces and surfaces will continue.

Contact Tracing, Quarantine and Isolation:

Universal case investigation and contract tracing will not be conducted since these practices are not recommended by the CDC via their update on 2/28/22.

Staff should share with Cheyenne McIntyre if they have been diagnosed with COVID-19 and provide the appropriate documentation. Adult students should notify their program supervisor. Parents/guardians are asked to notify their school nurse.

When Should a Student/Staff Stay Home From School after testing positive for Covid-19

- It is recommended to stay home for 5 full days and continue to monitor symptoms

When Should a Student/Staff Return to School after testing positive for Covid-19

- It is recommended to isolate for 5 full days and return on day 6 if fever free
- Fever free for 24 hours without medication and symptom improvement

Diagnostic Testing:

GACTC will continue to encourage families and community members to reach out to their primary care physician for information on diagnostic testing.

Vaccinations:

COVID-19 vaccinations are not required by the state in order to attend work or school. Families can work with their primary care physician to access vaccinations.
